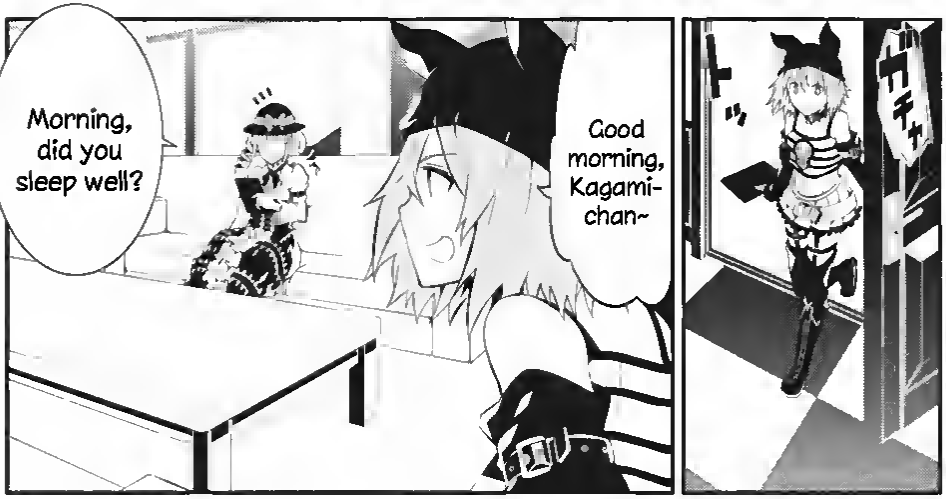
Chapter 5 Punishment for Murder



Morning, did you sleep well?
Good morning, Kagami-chan~
バーチャ

Anyhow, you went to sleep again, didn't 'cha?
You've got guts going to sleep without locking the door again.
Eh...?
Gyeh~ I've been discovered!
It would suck if Kagami-chan was the "Killer"!!
N-no way... That's impossible! I pulled a perfect all-nighter~
An-anyway! Sakai-kun and Shirahime-chan sure are late... Are they sleeping?
Well... Maybe they got killed,
or...

knowing Sakai-kun, I'm sure he's thought up some new strategy.
コッ
コッ
…?
Shirahime-chan, you're late!!!!
Yeah, sorry. I overslept.
Good morning, everyone.

Huh?
Well, the two of them were dismembered the day before, you know.
And after that happened, I didn't get any sleep at all, hm? So obviously, I'd be tired.
Hehe- I'm sure he's oversleeping like me, hm?
...He hasn't come out yet, though.
And Sakai-san?
DO NOT ENTER
He locked his room yesterday,
so he must be tired, right?
.....
Why would you know that?

"Why"...
It's obviously because I'm the "Killer"!
!

Just stop the "why"...
It's obviously because I worked out a plan to kill you all, right?
Erm~ Are you joking?
Why would the killer confess?
then you would start off with five points.
If you were the "Killer"...
...That's odd.
and then, you would have five points after opening up Yamanami and Shimoda's locks.
Killer

DO NOT ENTER
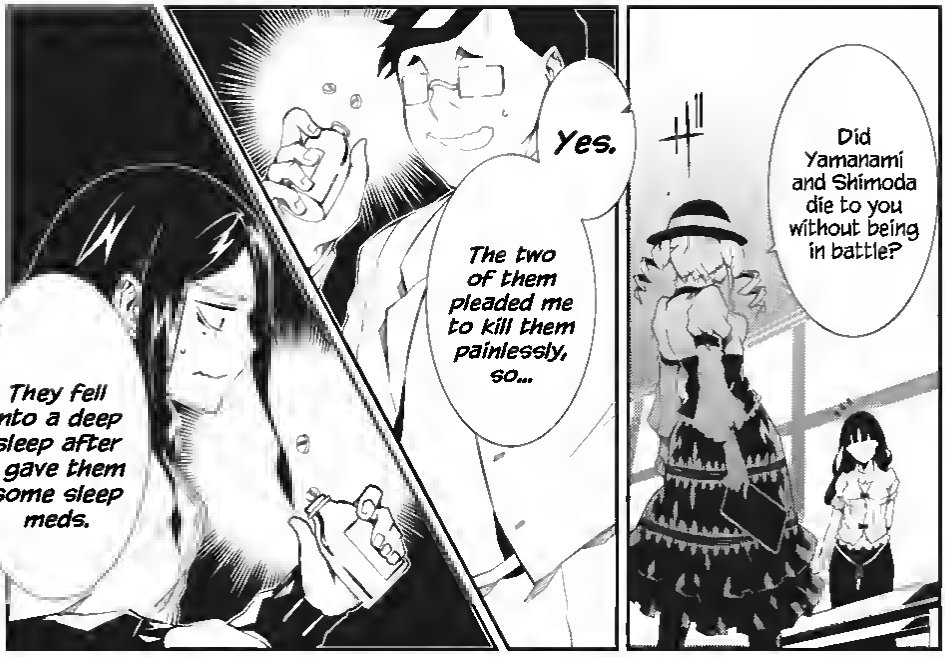
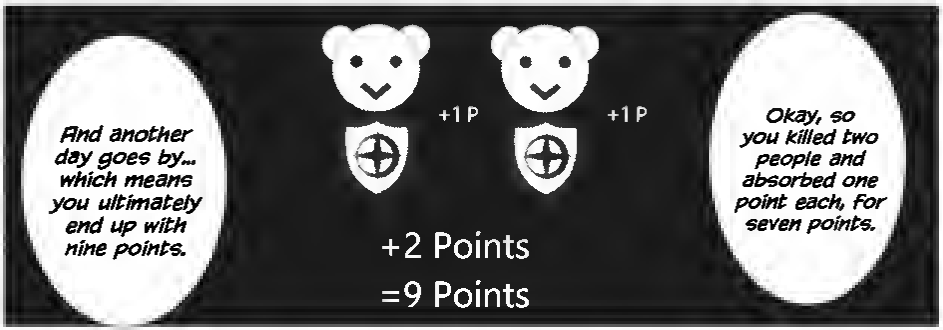
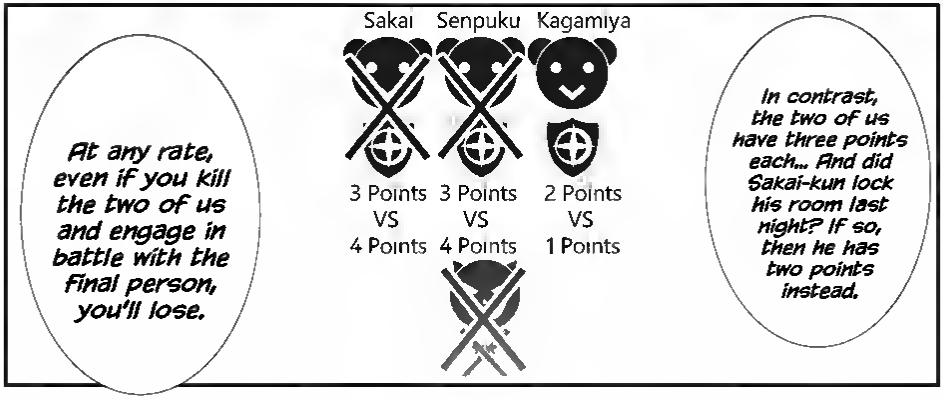
-1 Point
-1 Point
After the first day, you would have seven points,



Did Yamanami and Shimoda die to you without being in battle?
Yes.
The two of them pleaded me to kill them painlessly, so...
They fell into a deep sleep after I gave them some sleep meds.



Okay, so you killed two people and absorbed one point each, for seven points.
+1 P
+1 P
+2 Points
=9 Points
And another day goes by... which means you ultimately end up with nine points.



In contrast, the two of us have three points each... And did Sakai-kun lock his room last night? If so, then he has two points instead.
Sakai
Senpuku
Kagamiya
3 Points VS 4 Points
3 Points VS 4 Points
2 Points VS 1 Points
At any rate, even if you kill the two of us and engage in battle with the final person, you'll lose.

Ufu-fufufu-
You do understand the rules, don't you?
Of course I know them even without you lecturing me about them.
Speaking of the rules, don't you think they're a little harsh? For this game, that is.
The "Killer" is overwhelmingly handicapped,
and they can't win unless they kill people sleeping in the middle of the night without engaging in battle.
But, that's fairly risky...
If the person in the room is awake, surely you'll end up going into battle.
In that case,
that means you have no choice but to increase your points elsewhere without people noticing, right?

Unfortunately though,
it's too late~ ♡
Ara~ Maybe you've figured it out?
...That's-
Your basis for me having nine points would be to kill Yamanami-san and Shimoda-san on the first night...
and absorb one point from each of them.
???
Eh, what? I can't follow the conversation going on between you two~
It's quite simple, Senpuku-san!
I had Yamanami-san and Shimoda-san...
However, the reality was different.

stay alive an extra day.

it's possible for me to absorb a total of four points.
If I get the two of them to die after midnight on the second day...

It was a pain in the ass dismembering them as close as possible to 6 o'clock on the second day, but...
Frankly, I was lucky.

but I realized I could barely manage as long as I didn't cut any of their major arteries and securely stopped their bleeding.
Certainly, it would be pointless if they died before that time,

Ufufu-
That's because I'm used to it!

You're rather thorough, aren't you?
.....

I
love killing people! ♡

Haku-chouge Shira-hime!!
POLICE
What is it, you guys...?
Well...

Don't play dumb with me!
Eh...! Whatever do you mean?
Hakuchouge Shirahime! We're arresting you upon suspicion that you are dumping bodies!
Guys!
Come with us obediently!
However, even if I wasn't intruded upon by this many officers.
this situation will bother the neighbours, so... Plus...
Alright, take out your hands!
カチャ
Understood.
A girl like her ...?

It's not like there's no way to kill.
Wait-
Eh...?

Wha-
You-
Please stay away.
Or I'll slit his neck.
Ugh...

Well well...
This is quite exaggerated for catching a single woman.
POLICE
This is the end for me.
It's checkmate, hm?
スゥ
Sheesh...

And I wanted to kill more, too...
This place is the best, isn't it...?

No, actually, it's a world where killing is justice!
Murder is acceptable...
Yeah, I should've come here earlier!
It's my ideal-
I'm now... welling up!
The other side was terrible! It would've been the end of me if I was caught
I no longer have to hold back, hm? Ufufu- fufu- Die, die, die!!

I'll keep killing on and on... ♡
You should probably stop.

Kagami-chan!
...How worri-some.
...I don't like pain.

Welllll then, next up is Senpuku-san!
Eek...!
Ahh... Isn't that expression nice...
To think that's the first real emotion you show me, having nothing to do with this...
Pi
I'll stir things up without holding back... ♡

10 seconds left.
Any last words?
.....
...I was an idol before I came here.
Oh?
I was what you'd call an underground idol, though.
Did you know? It's not easy being one!
You have to show off your goods and not be discouraged by the fans.
...And your point is?

Acting is my forte!
Huh...?
.....

It wasn't true.
We did say that Sakai-kun locked up because he went to sleep,
Shirahime-chan, you misunderstood two things.

...?
That's weird, hm? According to the rules-
He locked up since he didn't want the Killer to know.
It's because he was in my room.
Well, that's not something appropriate for me to say, though.
Making good use of such futile arguments intrigues me!
It didn't say it had to be "your room".
All that was said was, "You need to be in a room from 12 to 6 o'clock."!
TL: Likely mistranslated in previous chapters due to ambiguity
Ah-
This was something Sakai-kun told me to say to you too, but...
It was all Sakai-kun's idea, though~

Game
over.

4点 VS. 5点

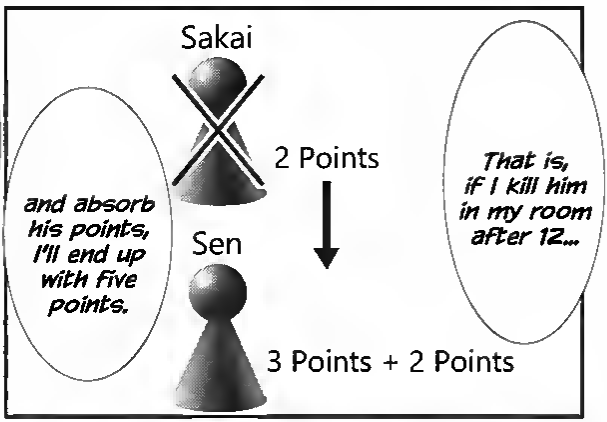
FIVE POINTS ...?
Where did those two points suddenly come from!?
Ho-
how the...?

Really? 11 points?
Sakai-kun realized that Shirahime-chan had 11 points~
In the meanwhile, since you hinted towards that, I can exclude you as not being the "Killer".
Hmm... Well, okay.
Yeah... Earlier, you said something like you'd sleep in my room.
It's possible as long as both Yamanami and Shimoda get thrown into Shimoda's room together.
There's a way.
...No.
Then, are we doomed for good~?

It-
A "way" ...?
it can't be...
You-
Mhm...!
I killed Sakai-kun!

but Sakai-kun said, "The possibility to trick them is greater if I were the one to be killed."
I told him I didn't mind being the one getting killed...

His corpse is lying in the bathroom!
IMPOSSIBLE...



Sakai
2 Points
Sen
3 Points + 2 Points
and absorb his points, I'll end up with five points.
That is, if I kill him in my room after 12...

Shirahime-chan...
There's no helping it since you just arrived here, but...

TO THINK ONE WOULD WIN BY ALLOWING THEMSELVES TO BE KILLED...
SUCH A BULLSHIT WAY OF THINKING...

I've committed suicide here...
and I've died many times up until now.
Even if I die now, I'm not afraid.
That's...
Well~ Sakai-kun who only played a single game here being totally resolved for it was quite the surprise, though!
ガシャ
Then...
I...

and you too...
can't be killed...?
you...
Ahaha! Yep!
That's...
Ugh...
Ug-
ugh...

horrible...

Dowah~ Gwoah...!
グラァ
Oh! Kagami-chan, are you okay~?
Ugh...
If Sakai-kun wasn't here, we would've lost!
Ahaha! We gotta thank him!
That's the kind of strategy you'd expect from Sakai-kun.
Yeah...

パチパチパチ

Everyone, you've done well.

The winners are Kagamiya Kagami-sama and Senpuku Prim-sama.
The "Repel the Killer Game" comes to an end.

You're mistaken,
Congra-tulations!

there's one more "winner".

Sakai
Hiroaki.
